DETAILED ACTION

Claim Objections

1. Claim 5 is objected to because of the following informalities:

Claim 5, line 2, "dge" should be -edge--.

Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Helmus (6,007,102).

Helmus discloses a skirt (22) that moves along in a track on bracket (28). The bracket (28) is attached to the vehicle chassis. The skirt has a bearing means (26) that slides in the track.

The skirt can be mounted on a vehicle that is wider than it is long, so that the skirt moves parallel to the direction of elongation of the vehicle.

Allowable Subject Matter

4. Claims 2-5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Claims 6-11 are allowed.
